

MEETS REBUFS IN BONUS FIGHT

President Also Finds Senate Is Opposed to Sum- mer Recess

LUNCHES AT CAPITOL

He Will Send Special Message, Giv-
ing Views in Forty-Eight Hours—
High Lights of Conference

Washington, July 8.—Arriving un-
expectedly at the Capitol this after-
noon, President Harding took direct-
ly to members of the Senate the Ad-
ministration's insistence that action
be deferred on the Soldier Bonus bill.

The President went so far as to
recommend that the Bonus bill be
sent back to the Finance Committee
and there held until tariff and tax-
ation legislation shall have been pas-
sed. This would mean no action
until the regular session, if then.

On leaving the Capitol, where his
views met with both approval and
strong opposition, President Harding
indicated that he would send a
message to Congress within 48
hours on the bonus situation. The
President also advocated summer re-
cess of the Senate.

It is understood that this message for-
mally will set forth the views of
the President and Secretary Mellon
that the Treasury cannot stand at
this time bonus legislation, and that
it is imperative that action be post-
poned.

Although he had a delightful lunch
with what he called "the old crowd,"
President Harding's visit developed
sharp differences of opinion between
the Executive and members of the
legislative branch. After lunch the
President went to his room just off
the chamber, and there he conferred
with more than a dozen Senators of
both parties.

Here are the high lights of the
conferences:
President Harding diplomatically
suggested that the Senate take a
recess for several weeks, so that the
committees might do their work
more effectively, thus expediting the
particular business for which the
extra session was called—tariff and
taxation.

The "agricultural bloc" in the Sen-
ate, for which Senators Norris and
Kenyon, Republicans, and Sim-
mons, Democrat, were spokesmen,
virtually served an ultimatum on
the President that there could be no
recess or summer adjournment until
additional legislation for the relief
of the farmer has been passed.

Senator McCumber, in charge of
the Soldier Bonus bill, is understood
to have taken unkindly to the Pres-
ident's suggestion that the measure
be sidetracked.

Senator Curtis, the Republican
whip, aided by Senator Lodge, the
majority floor leader, began to
"count noses" on after the Presi-
dent left to determine whether it
would be possible to sidetrack the
bonus legislation by recommending
it, and whether a recess is obtain-
able.

Senator Underwood, the Demo-
cratic floor leader, informed Presi-
dent Harding that he was with him
on the recess proposal and also post-
ponement of the Bonus bill, but Mr.
Underwood said that he could speak
only for himself as a number of
Democrats broke away from the mi-
nority leadership the other day and
voted down a recess motion.

In urging that the Senate delay
the bonus and take a recess, Presi-
dent Harding told numerous Sena-
tors that he believed Congress
should first raise the money or see
where revenue was to be obtained
before it passed a bonus bill levying
further heavy burden upon a dis-
tressed Treasury. He assured
them of his favorable attitude to-
ward the Bonus bill, but asserted
this was no time to pass it.

Ready for Parade

Youngsters to Stage Demonstrations
At 9 A. M. Tomorrow

Children from six to fourteen
years who wish to secure season
tickets for Alexandria's Chautauque
have a splendid opportunity to do so
by joining the Lucky Number Pa-
rade which will start from Lee
School grounds tomorrow morning at
9 a. m. W. A. Sawyer, the sec-
ond advance representative of the
Swarthmore Chautauque Associa-
tion, is in town, and planning a big
demonstration for the children.
Each child participating in the pa-
rade will be given a number. From
corresponding numbers there will be
drawn six lucky ones, and the hold-
ers of these six will be awarded
Junior Season Tickets, which admit
to every performance.

Children may dress up, ride a bi-
cycle, a pony, fix a float or do any-
thing that will be attractive in a pa-
rade. Above all, however, each
child should bring a horn in some
noise making instrument, that the
coming of the parade may be prop-
erly heralded.

Fined Fifty Dollars

Appeal Noted By King Street Mer-
chant

Almost two hours were consumed
today in the police court in hearing
the case of a King street merchant
taken in custody July Fourth at the
ball park at the head of King street
for alleged disorderly conduct. The
court after hearing all of the evi-
dence fined \$50 from which an appeal
was noted to the corporation court.

Attorneys J. L. Noel Garner and
William P. Woods appeared for the
defendant.
The testimony was to the effect
that the defendant had paid for a re-
served seat on the grandstand and
that he later took a place on a seat
reserved for the ballplayers and of-
ficials inside the inclosure. Special
Officer Trice took him in custody
and subsequently turned him over to
Policeman McConer. About fifty
spectators attended the trial.

cluding Lodge and Underwood, the
ranking and file are in position to op-
pose and to filibuster.
One Democratic Senator predicted
that "there will be a hopping in
this chamber" when it is proposed to
sidetrack the bonus and to have a
summer recess of the upper cham-
ber.
Senator Norris, Republican, of
Nebraska, held an animated confer-
ence with Mr. Harding, who called
in the Senators one at a time. It
was apparent to observers at a little
distance away that both men were
speaking their minds freely.

EFFORT TO DEFAUD THE RED CROSS

Dale Davis Gets 12 Months —Sentence Sus- pended

MILITARY NOTIFIED

Man Had Pistol and Had Just Signed
Order For \$30 Under Name of
Smith When Nabbed

A man describing himself as Dale
Davis, twenty-two years, of whose
home is in Indiana, who says he has
been on leave without permission
from the army since last May, short-
ly after 6 o'clock last night was
taken in custody by Police Sergeant
Wilkinson on a charge of an at-
tempted defraud of the Home Service
of the Red Cross.

It appears from what can be
learned of the case that the young
man on June 9 received an order for
\$10 from the Red Cross here.

Yesterday it was claimed a phone
message was received from Wash-
ington asking that an order for \$30
be made out to a man named Smith
and it was suggested he would
get in touch with Julian T. Williams
of the Red Cross. However, he did
not and pretended over the phone it
was stated that he did and accordingly
was told to come over. An order for
\$30 was accordingly made out and
preparations completed to take the
man. The order was left at the drug
store of J. E. W. Timberman, King
and Washington streets, and Sgt.
Wilkinson in the meantime had been
requested to look out for the man. He
remained at the store and saw Davis
come, and sign the order under
the name of Smith. The pen was
hardly dry when Sgt. Wilkinson
took Davis in custody. Davis, the
sergeant says, made an effort as if
to put his hand in his hip pocket.
In this he was foiled by the sergeant,
and when the sergeant held him
tightly all the way to headquarters.

When Davis was reached at police
station he had in his possession a
pistol which was loaded.

The accused was arraigned in court
today and the court after hearing
the evidence imposed a sentence of
twelve months in jail and suspended
the sentence provided the military
authorities will promise to impose an
equally severe sentence.

The captain of his company has
been notified of his arrest here and
the police are awaiting word from
him.

Police Court

"You mean to say you can recog-
nize him on a dark night?" asked the
court of John Walker, black as
ebony, arrested by Policeman Law-
rence Padgett, to answer a charge
of assault on Osa Taylor, colored.
The complainant said she could. The
court said \$5 to J. Walker.

Policeman Lunsford charged Wil-
liam Pollard, colored, with interfer-
ing with him in the discharge of his
duty and a fine of \$25 was imposed.
James Diggs and Martha Diggs, col-
ored, arrested by Sgt. Wilkinson
for disorderly conduct and fighting,
each man was fined \$10 and the wo-
man \$25. A man arrested by Po-
liceman Lawrence Padgett for vio-
lating the speed law, was fined \$10.

Summer School

Opening Session Monday—Five In-
structors

The summer school division of the
Alexandria schools will be opened
Monday morning, for those who did
not pass their courses in the gram-
mar grades and high school. As far
as is known at the present there will
be five instructors. School hours
will be from 9 a. m. till 1 p. m.

All grammar grade subjects, from
the third grade to the seventh inclu-
sive, will be taught, and also the
following high school subjects: Al-
gebra, plane geometry, physics, Eng-
lish, Latin, French and history.
It is expected that about 150 stu-
dents will be enrolled from the
grades and the high school. The
term will end about August
19.

To Elect Lieutenant

Alexandria Light Infantry To Hold
Meeting For That Purpose
Tonight

The Alexandria Light Infantry,
officially known as Company "M"
(Machine Gun) 1st Infantry, Vir-
ginia National Guard, will hold a
company meeting at the armory to-
night for the purpose of electing a
first lieutenant to succeed C. M.
Shepperson, recently promoted to
Captain, and to fill any other vacan-
cies that may be occasioned as a re-
sult of the election. Tonight is the
regular drill, which was postponed
from Monday, July 4, and is the
last drill before leaving for Camp
Meade Sunday, July 10, for a fifteen
day encampment.

MARRIED IN LONDON

Information was recently received
by Mr. and Mrs. William M. Uhler,
formerly of this city, but now resid-
ing in Washington, of the marriage
on June 6, 1921, at St. Silas Epis-
copal Church, London, England, of
their son, William M. Uhler, Jr., to
Miss Amy Joyce Atkinson, of Leeds,
England.

After a short honeymoon in Lon-
don, Mr. Uhler, joined his ship,
which is returning to the States and
Mrs. Uhler will follow her husband
to America the latter part of this
month. They will make their home
with the groom's parents in Wash-
ington.

TWO FUNERALS TODAY

The funeral of Richard A. Sproue
who died in Washington Wednesday,
took place this morning at 9:30
o'clock from the residence of his
son, Milton Sproue, 924 Duke street
and was conducted by Rev. L. F.
Kelly, assistant pastor of St. Mary's
Catholic Church. Burial was in
Bethel cemetery.

Funeral services for Miss Eva
Bower, who died Monday night at
Providence Hospital, Washington,
were held at 2 o'clock this afternoon
at the residence of Stephen Davis,

Hurrah For Excursions

Dull Day When One Is Not Given
From Alexandria—End
Not In Sight

When it comes to giving excu-
sions Alexandria heads the list.
There is hardly a fraternal organi-
zation or a social organization here
that has not already given an excu-
sion or is yet planning to give one
in the near future.

Excursion tickets are for sale by
thousands. Almost everyone whom
you meet has some of the tiny pieces
of pasteboard of every color of the
rainbow. The prices vary. How-
ever, most of the tickets to the vari-
ous excursions sell at the rate of
fifty cents plus a war tax of five
cents. Don't be offended if any of
the salespeople have overlooked you.
It is not their fault and not inten-
tional. It is simply an accident. The
work of hauling people down the
river under the auspices of the vari-
ous organizations of the city will
hardly cease before Labor Day when
the good old steamboats will take a
rest up till next summer, as far as
the excursion resorts are concerned.
The hot weather has greatly helped
the excursion business thus far this
summer, the result being that all
outgoing boats carry good-sized
crowds from Alexandria.

LEAP OFF BURNING DUMP TO SAFETY

Norfolk, Va., July 8.—The U. S.
naval ship *Clallam* exploded in the air
at the naval base at 2:30 p. m. to-
day.

Three of the four passengers were
painfully burned, but miraculously
escaped death by leaping.

Several hundred passengers on the
Newport News ferry and at the na-
val base saw the accident, women
and children screaming at what they
believed a holocaust. The injured
Chief Mechanist, Mike Lamkey,
burned about face, hands and body.
Chief Printer Russell, naval pho-
tographer, burned about face, hand
and body.

Lieut. Johnson, burned about
hands.
In the bridge also was Lieut.
Wood. He was uninjured, excepting
for slight bruises suffered as a
result of leaping.

PIRATE SEARCH QUICKENED BY REPORT

Munalbro's Experience With "Mystery Ship" Revises Raider Theory

WARNING SENT OUT

Silence of Liner Callao, Since Leaving
Rio June 20, Adds to Concern—No
Report Received From Radio

Washington, July 8.—Theories
that piratical marauders are at work
in the traffic lanes off the Atlantic
Coast reached a new high level today
as Government wireless stations are
sending broadcast to vessels at sea
a warning to be on the lookout for
a "low, rakish, suspicious looking
craft" sighted by a Captain Giles,
of the Munson liner Munalbro, Thurs-
day night.

Coinciding with the sending out
of this warning, government agen-
cies worked with renewed vigor on
their investigation into the mysteri-
ous disappearance within the last
few months of more than a score of
merchant vessels along the coast.

According to the official report of
Captain Giles, which reached Wash-
ington last night, his vessel was
about 900 miles due east of Philadel-
phia when a "low, rakish, suspi-
cious looking craft, apparently very
swift," approached the Munalbro with
only its running lights showing.

The vessel, according to Captain
Giles, refused to answer any signals
and after almost completely circling
the Munalbro, sped away into the
darkness. On leaving the Munalbro
the phantom ship steered a course
almost due east.

E. T. Chamberlain, commissioner
of navigation for the Department of
Commerce, declared that the report
of Captain Giles was the most
substantial evidence yet offered of
the suspected operations of sea ma-
rauders off the Atlantic Coast and
has given fresh impetus into the
investigation of the disappearance
of the crew of the schooner, *Cor-
deiro*, and other ships that have disap-
peared without leaving a trace.

Commissioner Chamberlain de-
clared that it was impossible that a
seaman like Captain Giles would "go
off on a cock and bull story" and
added that the bureau places every
credence in his report.

Officials of this bureau, became
gravely apprehensive this afternoon
when a report reached Washington
that the Munson Line officials had
been trying unsuccessfully for three
days to get into wireless communi-
cation with the steamer *Callao*,
which is en route to New York from
Buenos Aires with 10 passengers.

Certain officials of the Department
of Commerce are deeply serious in
their belief that the pirate theory
advanced by Secretary Hoover to
explain the disappearance of the
many vessels along the coast within
the last few months is the correct
one. It became known today that
the department, despite the ridicule
of other governmental agencies,
has never let up in the investigation
that other than natural hazards are
responsible and that every clue is
being run down.

Lawrence Bathey, one of the as-
sistants to Mr. Hoover, declared to-
day that he has uncovered new evi-
dence that supports the announce-
ment from the State Department
that the *Cordeiro* was looted and
that within the next two weeks
he hoped to be able to make public
information that will absolutely
prove the contention that the ves-
sels did not go down in storms.

New York, July 8.—Has the
steamer *Callao* fallen victim to
"mystery ship" reported in mid-
Atlantic by Captain Giles, of the
Munson liner Munalbro? is a question
that is giving officials of that com-
pany considerable concern.

Officials admitted today that they
had been trying to get in radio com-
munication with the *Callao*, which
left Rio Janeiro with passengers and
freight on June 20 for this port.
She is due here tomorrow or Satur-
day. They express the opinion
that atmospheric conditions or dis-
turbance of the *Callao's* wireless might
be responsible for the failure to
communicate with the vessel.

VIRGINIA NEWS

Richmond—Colonel LeRoy Hodges,
aid to Governor Davis and considered
an expert on budget systems, has
been made a member of the nation-
wide "budget guard," organized to
assist Colonel Charles G. Dawes, di-
rector of the Federal Budget Bureau
a recently created office. The "budget
guard" is composed of thirty mem-
bers, Colonel Hodges being the only
Virginian on it. He was one of the
framers of this State's first budget.

Richmond—Reports to the headquar-
ters of the Virginia Department of
the American Legion in Richmond
show wonderful results from the first
week of the State-wide service drive
by the ex-service men's organization.
Many men in every community vis-
ited have been assisted in taking up
their compensation claims with the
government, the objects of the Legion
have been set before the public, and
scores of new members have enrolled
in the organization.

The crop conditions in Virginia for
week ending July 6 are as follows:
Late hay and pastures were much
enriched and corn made rapid growth.
Oats generally in excellent condition.
Tobacco and cotton stands are poor
and progress has been slow. Sweet
potatoes have been badly hurt by
blight and the drought in some north-
ern counties. Late potatoes, especial-
ly in the extreme western counties,
are badly in need of more rain; other
growing crops also, would be much
benefited by further rains. Wheat is
generally reported as threshing out
poorly.

There were fewer negro farmers in
Virginia in 1920 than in 1910, accord-
ing to figures just made public by the
bureau of the census department of
commerce. In 1910 there were 48,
114 negro farmers, while in 1920 there
were 47,890 as against 136,874 na-
tive born white farmers. In the state
there were 96 Japanese and no Japanese
and Chinese farmers.

RICH OIL FIELD IN SPAIN

Madrid, July 8.—Discoveries which
would indicate there is an enormous
oil field in the "Lorosa Valley," 50
miles from Madrid, are announced by
Manuel Alvarez Gonzalez, a mining
engineer. He claims that ancient
traditions have referred to the exist-
ence of oil in the region.
Interviewed today, the engineer
said endeavors were being made to
raise Spanish capital for exploiting
the field, with the intention of sink-
ing ten wells. In the event of suc-
cess in finding Spanish support,
Senator Gonzalez declared, financial
backing would be sought in London
and New York.

KILLS EMPLOYEES ATTACKERS

New York, July 8.—Terrified, he
says, by two men who had maul-
ed one of his janitors employed in a
fight over a piece of pie, Victor Fer-
nandez, a Cuban, shot and killed
them both in his restaurant, near
Columbus Avenue and Ninety-Ninth
street last night. Fernandez was
held without bail on a murder
charge.

WORLD WAR VETERANS TO BE FAVORED

Five hundred new fourth class post
masters are soon to be appointed by
the new administration and at least
50 per cent of them will be men who
served in the world war. It is the
policy of the National Legislative Com-
mission of the American Legion, active
John Thomas Taylor, vice-chairman
of the Legion committee, have been
confering with Postmaster-General
Hays and First Assistant Postmaster-
General Works, and states that they
have promised to favor veterans cer-
tified by the civil service commission
to every instance possible.

Mr. Service said they had heard
nothing from the *Callao* since she
left Rio. A radio has been sent to
all ships asking for information,
but no report has been received that
the *Callao* had been sighted since she
left Rio.

The question of sending down the
railroad claims has entered into the
negotiations, but it was said
at the Treasury that no accurate
figure could be made of the claim as yet
because of the delay in the settlement
of the claims. Some of the roads are un-
derstandably in a hurry while their claims
are being settled, but they are not
sending them to the Government until
they are ready to make a good invest-
ment in the Government bonds. The
Government has been able to
borrow \$100,000,000 in the last
few days. The Treasury will be able
to borrow to approximately \$100,000,000

EXPECT ROAD LOAN TO HELP BUSINESS

U. S. Treasury Will Advance \$500,000,000 in Next 6 Months

HALF IS AVAILABLE

Hoover Estimates Transaction Will
Result in Work for 200,000 Settling
Down Claims

Washington, July 8.—The Admin-
istration has decided on an advance
of approximately \$500,000,000 to the
railroads to permit them to pay off
their debts, place new order, and open
the way for industrial prosperity by
putting that much money into cir-
culation. The cash, \$225,000,000 of
which is available, will be advanced
within the next six months, accord-
ing to the estimate of the Treasury.
Congress will be called upon to ap-
propriate the balance.

Secretary of Commerce Hoover to-
day declared that the advancement
of this money to the railroads should
be of material benefit to the entire
country because it would have a gen-
eral steadying effect on business. He
pointed out that the railroads com-
pose the "key-link" in the existing
commercial chain and to help them nat-
urally would result in benefit to all
branches of industry.

Mr. Hoover called attention to the
fact that the transportation companies
employ about 20 per cent. of the labor
of the country and buy about 20 per
cent. of all the equipment, supplies
and other materials sold in the United
States. There has been a tremen-
dous reduction in the volume of em-
ployment on the railroads and because
of the fact that the railroads have no
money they have not been expending
it for purchases and as a result the
whole industrial establishment has
been affected. Mr. Hoover estimated
200,000 additional men would be em-
ployed by the means of funds were
available.

The decision of the Administration
on the outcome of the refunding nego-
tiations between railroad executives
and the Government, which Secretary
of the Treasury Mellon said may be
completed within two days. At the
same time it was pointed out that be-
cause the negotiations have not been
concluded, something might come up
to prevent a settlement. It was im-
plied, however, that the Adminis-
tration is willing to make this large
advance.

The exact total is a matter of esti-
mate, as some of the roads may not
desire heavier indebtedness and some
may not be able to furnish proper
security. The Government's estimate
of the total \$1,200,000,000, the ex-
ecutives being based on the claims al-
ready filed, experts have figured that
\$800,000,000 of this amount is un-
paid. The advance of the Govern-
ment on the basis of such figures
would in no way cover the con-
siderable portion of the railroad claims.

On the other hand the railroads are
indebted to the Government for im-
provements and betterments during
the period of Federal control. The to-
tal is placed at between \$700,000,000
and \$800,000,000. It has been de-
clared that part of this debt would
be refunded, the suggestion having
been made that the railroads be given
15 years to pay off the refunded por-
tion. Payment by the Government of
\$500,000,000 would prevent checking
off of accounts, such as has been done
in relation to the Railroad Adminis-
tration.

The question of sending down the
railroad claims has entered into the
negotiations, but it was said
at the Treasury that no accurate
figure could be made of the claim as yet
because of the delay in the settlement
of the claims. Some of the roads are un-
derstandably in a hurry while their claims
are being settled, but they are not
sending them to the Government until
they are ready to make a good invest-
ment in the Government bonds. The
Government has been able to
borrow \$100,000,000 in the last
few days. The Treasury will be able
to borrow to approximately \$100,000,000

TODAY'S THOUGHT Friendship is only a reciprocal conciliation of interests, and an exchange of good offices; it is a species of commerce out of which self-love always expects to gain something.
La Rochefoucauld.

Traction Troubles

Alexandria is not alone in her electric railway troubles. Her suburban neighbor, Washington, is in the midst of a struggle with the companies that furnish the public transportation in the city and its environs. The Federation of Citizens' Associations is active in opposing the absorption of one company by another. We have not gone into the merits of the controversy, but our sympathies are with the citizens.

We understand, to return to our own mutton, that the Washington-Virginia Ry. Co., objects to putting on a morning smoker between Washington and Alexandria because they claim the majority of people who travel to work in the early hours prefer the present arrangement, and the company's de-

sire is to please the majority. If the Commuters' Association will get the facts in this case, that is, take a vote of the early commuters to and from Washington, say, between six and eight o'clock A. M., we will be glad to take the matter up again, and believe that the Railway Company will abide by the majority vote, if in favor of the early smoker.

400 War Veterans Suicide

The Senate investigation of the treatment of disabled veterans of the late war is uncovering some startling conditions. Among the disclosures is included the fact that four hundred suicides resulted in New York alone last year, induced by despondency arising from neglect of the government.

We have had one sad case of suicide in Alexandria, from the same cause, and doubtless every town can recite similar tragic occurrences. Still the Government appears helpless. Just recently a distinguished committee was appointed to investigate the causes of this heinous neglect, which included among others, Dawes of Chicago, and Assistant-Secretary Roosevelt. This committee met behind closed doors, came forth, looked wise, said little, and did nothing.

Col. Davis, of Chicago, one of the witnesses, stated there was no co-ordination and no co-operation of the different governmental bodies. As we have frequently stated in these columns our state and

federal governments must sometime come to a system similar to the city manager plan. The great allied armies in the world war practically adopted it when they made Foch manager of the whole scheme of military operations and supreme in command. Without this the war would have either been prolonged or ended differently. For our own part, we think President Harding under some one of his many implied powers as executive, could remedy this unheard-of situation. He certainly could give the different departments a thorough shaking up. He could likewise take an axe and slash the red tape wherever he found it!

There is to be a meeting at the Opera House tomorrow, Saturday, night, and we hope Alexandrians will turn out in full force. To neglect our brave boys now that they have come back after the supreme sacrifice for their country is to sink beneath the level even of the slackers in war-time!

The Versailles Treaty

The Washington Star, an administration paper, of course, says, in its edition of yesterday, that Secretary Hughes has come to the conclusion that the United States will yet have to ratify the Versailles treaty. That President Harding will support the views of his Secretary of State, and that the Senate will have to toe the mark. Some weeks ago we wrote an editorial entitled

"Wilson's Vindication," and predicted that time would witness many strange verifications of President Wilson's wisdom and foresight. The ratification of the Versailles pact by the Republican Senate seems imminent, and will prove to be one of the singular manifestations to which we alluded. The Knox-Porter peace resolution, recently signed by the President, specifically mentions the Versailles pact and our rights under it!—The Republican leaders are evidently preparing the way for a retreat which is bound to be more or less awkward, to say the least.

BY LAST NIGHT'S MAIL

The disagreeable, we had almost said disagreeable, news has reached this city from Fort George, in an authentic shape, we believe, of the capture of another detachment of our army, consisting of upwards of 500 men, under the command of Col. Boerstler, who was also taken. The particulars we have not heard.

A letter from General Hall, received by a gentleman in Albany, states the number of our troops engaged, at about 600, nearly all of whom were missing, either killed or captured. Another account states our loss is missing at about 350.

The number of troops under General Dearborn, on the Niagara, is stated at between 2000 and 3000 effective men. The militia in Genesee County, New York, have been ordered

to march to the frontier.

Rousing Trinkle Meeting At Roanoke

Roanoke, July 8.—Senator E. Lee Trinkle had a rousing meeting at this place and the enthusiasm of the large crowd present was loud and frequent in its expression. Ex-Governor Stuart who was to have introduced the Senator, was unable to be present, but sent the following telegram in explanation of his absence:

J. C. Martin,
Chairman of Trinkle Club,
Roanoke, Va.

I greatly regret that because of a temporary indisposition my doctor forbids me to travel in the present intense heat, so I must forego the anticipated pleasure of joining in the Trinkle meeting tonight. Strong as is my personal friendship and high and sincere as is my admiration for Lee Trinkle, I can truly say that these considerations are secondary to the higher considerations of his eminent and outstanding fitness for the discharge of the unusual and extraordinary responsibility which must devolve on our next governor. His conceded executive ability, his knowledge of and his familiarity with business affairs, large and

small; his patient industry; his painstaking methods; his inherent and well developed habits of economy; his freedom from humbug, public and private; his singular decision to duty wherever he finds it, and above all, his fidelity to the public interest to which he has already contributed liberally of his fine ability, all combine to mark him as the man the people of Virginia are looking for. I trust you will understand and make clear to all my friends the keen sense of disappointment I feel that I am unable to express by my personal presence the deep interest I feel in the success of the gallant, vigorous, the able and versatile young Virginian who will address the fine citizenship at Roanoke tonight.

(Signed) HENRY C. STUART.

LURES GIRL FROM HOME TO SHOOT HER AND SELF

Philadelphia, July 8.—As she ran through a peach orchard to a burning shed, near her own home, at Herwood, near Maple Shade, N. J., 2 o'clock this morning, Florence Bradley, 19 years old, was shot below the heart by John Paris, her

20-year-old sister, who then killed himself.
The girl is said to be living in the Cooper Hospital, Camden, N. J., who had been one of the many four months and who also lived at Herwood, near Maple Shade, N. J., on the "door" of the home of Mrs. Elmer S. Pauline, with whom Florence was staying for the night.
Police of Maple Shade have a theory that Paris, madly in love with the girl, who did not return his affection, deliberately fired a shot at the rear of the hunk of Mrs. Margaret Barrett, of College Road, Herwood, to lure Florence from the neighbor's home and to give a dramatic setting to the crime.

"LET'S GO!"

The American "Doughboys" electrified the Allies with their remarkable enthusiasm and tireless fighting spirit.

When it seemed tired, aching muscles could do no more—when other war-worn armies rested—the "Doughboys" would not quit.

"Let's Go!" was the constantly murmured slogan that swept through the ranks. And "Go!" they did.

Sometimes you feel "done out"—you cannot drive your mind or muscles further. No comrades are near to lend a hand and say "Let's Go." You must help yourself.

You need Daly's Tonic. Don't scoff! Daly's Tonic has proven its value in thousands of cases. It will undoubtedly give you the endurance, "pep," health and strength and steady nerves you seek. The greatest strength-building, blood-purifying remedies known to science are combined in Daly's Tonic—Iron from Malt, Wild Cherries, Hypophosphites and Wit. Daly's Tonic will give you that "Let's Go" fighting spirit. Try it. Take Daly's daily. Buy a bottle today from the Retail Store.

SPORTS

On Sunday, at the Dreadnaught park, the Dreadnaught baseball club will line up against the Registrars of Departmental League of Washington. This team is composed of the best players of the league, and are determined to take the scalp of the Dreadnaughts. The Dreadnaughts will present their same line up as appeared in last two games. Long will appear on first, Deavers on second, Williams in short, and McMahon, star of the Stuntum Military Academy, on third, and Stevens will do the receiving, and "Old Man" Fry will probably pitch. The outfield will be composed of three of the best that can be found, Giles, Ludlow and Alexander. On account of being under a heavy expense to keep a good ball club in this city, the Dreadnaught A. C., has been forced to charge everybody for admittance to the park at all ball games. No game on Saturday.

Another fast Sunday School League game was the result when Trinity and Second Baptists hooked up yesterday afternoon, on Baggett's field. Trinity won by the narrow margin of only one tally, the score being 5 to 3. By virtue of this victory the Trinity boys climbed to the top of the list passing both M. E. S. and First Baptists.

A good game is expected this afternoon when the teams of the two Baptist Churches play.

Standing of the clubs:

SAYS BUSINESS IN SOUTH SUFFERS AS IT DOES ELSEWHERE

(The recent issue of the Gary, Ind., Evening Post has the following: "Business in the south is suffering from the same depression prevailing in Gary," said W. B. Dangerfield of the Southern Railway, who is at the Gary Hotel, to a Post reporter last evening.

Mr. Dangerfield is here with G. W. Grant of the same railway for the purpose of inspecting an order for rail for his railroad.

Knowing his purpose here, the reporter sent a story of renewed activity in railroad building in Dixie.

His scent was off, however, for Mr. Dangerfield said the order was a small one for replacement purposes and not for extension of the road's lines.

Both gentlemen have lately been in Birmingham, Alabama, the Pitts burgh, or better say, Gary, of the southland. Business at the mills there is depressed and many are out of employment.

Mr. Dangerfield to add to his tale of woe, says the Virginia apple crop was ruined by the frost and the yield will be practically nothing.

All of the south suffered from late spring and the crops are only about two weeks ahead of those in this neck of the woods.

The visitors state many thousands of colored working people, who, attracted by big wages, had come north, have returned to Birmingham and vicinity and that their return has glutted the labor market there.

Of course, the Virginians were asked the all absorbing question concerning prohibition, and how it is functioning in their part of the country.

"There is plenty of corn whiskey to be had, but not over the bar. You have to be known to get it from Mr. Moonshiner. Its quality is not far from the case with your white mule, but it is none too good for the supply is far from equal to the demand and they sell it when it is too new. There is no beer in Virginia. That beverage is an obsolete as the dodo bird," was the reply.

Messrs. Dangerfield and Grant hail from the historic town of Alexandria, situated across the river from Washington. Alexandria is famous for its Christ Church, where General Washington worshipped and which still contains the pew he occupied. Another notable landmark in Alexandria is the Marshall House where the gallant Ellsworth, colonel of Zouaves, was killed by the hotel proprietor when he attempted to haul down the confederate colors from the hotel's flag staff. Perhaps the handsomest monument in the South to the confederate dead is at Alexandria.

CROWDS JAM DRUG STORE WHEN SODA PRICES DROP

Chicago, July 8.—Soda fountain owners have announced reductions of ice cream soda prices here from 15

to 11 cents. Ice cream cones have gone back to a nickel. Fruit sundae, formerly sold at from 22 to 35 cents, were reduced proportionately.

Announcement of the reduction caused the protest jams around the fountain and drug stores that have ever been experienced.

The reductions followed a campaign against profiteering made by Russell J. Poole, municipal high cost campaigner.

Escaped from Bolsheviks

With passports from four varieties of Russian Government (former Government) in his pockets, Dr. Gregory Zilboorg, formerly under-secretary to the Minister of Labor in the Kerensky Government, set out to escape from Russia to America.

Challenged by a representative of the Bolshevik Government, Dr. Zilboorg would hastily produce the Bolshevik passport and pass on; challenged by a Ukrainian guard, he would show the Ukrainian papers and be permitted to pass. Thus, little by little and with a false guess as to the allegiance of his inquisitor meaning instant death, Dr. Zilboorg made his way to the Russian frontier and eventually to America.

He has a thrilling tale to tell. He tells it in excellent English, for, although he has been in America less than a year, his vigorous mentality, which gave him three Russian doctorates, has enabled him to master our language with little difficulty.

His Chautauqua lecture—"Russia in Revolution"—will be an exposition of that Russian thought which lies between the Bolsheviks on the one extreme and the military group, who are attempting to restore the monarchy, on the other.

FIND HEIR TO \$15,000,000 WORKING IN RESTAURANT

Detroit, Mich., July 8.—E. C. Cox, 26, was pushing a bus around the restaurant at the Addison Hotel here today for the noble honorarium of 40 cents an hour.

A man stepped up to him and whispered in his ear.

A few minutes later E. C. Cox, heir to a \$15,000,000 estate, was rolling down the street in his lawyer's limousine, sans his little white apron.

Cox was informed by Attorney U. P. Baker, Toledo, that he was one of the heirs to the great estate left by Dr. Samuel G. Shaw, Hollinger, Cal., who died recently. Cox worked as a cowboy until he came East.

Ha! It Happens At Times

In a recent letter to The Broadener's Gazette, Mr. F. M. Woods, of Lancaster county, Nebraska, told how a Nebraska printer got an auction sale and an account of a wedding mixed together. The resulting article, wrote Mr. Woods, read like this:

"Married at the home of the bride's township one mile north and two miles east of Mr. and Mrs. John Jones, highly respected residents, of Thursday, January, 27, Miss Ethel Drinkwater by the Rev. 18 head of Shortlorns consisting of four bridesmaids dressed in pale blue and carrying calves by their sides. They had rattle veils. I hired by the noted Kentucky Jack Bombina 3d. Also forty-six head of hogs, including the groom's father from North Dakota, where he is engaged in missionary work, and is immaned by the double process. These shots are thirty, and all relatives of the bride and groom. They all gathered in the spacious dining room after the ceremony and partook of 390 bunches of seed oats, 1,000 bunches of corn, 10 large stacks of millet

and alfalfa. The bride is the young est daughter of one trusty incubator capacity 600 eggs, one John Deere five room cottage and a trip to Omaha, after which they draw 10 per cent interest from date. Free lunch at noon."

IN MEMORIAM

In sad but loving remembrance of ELSIE MAY, daughter of John Fones, who departed this life two months ago today.

Called from this world to a peaceful rest. Called by God, who knoweth best. Sweet in our memory they will always remain. Until in heaven we meet again. 161-1p. By her father.

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight. "Outgro" is a harmless, antiseptic, manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

HARDING RED MAN, GETTING 3 DEGREES AND WATCH CHARM

President Harding was initiated yesterday into the Improved Order of Red Men, national officers of the order administering all three degrees at a special ceremony in the President's office at the White House. The team conferring the degrees consisted of most of the national officers of the Red Men and those attending the ceremony included Senators Underwood, Shortridge, and Watson, and Representatives Baybour, Kahn, Lea Vestal, Bland, Jeffers and Byrns, all of whom are members of the order.

Past Sachem Ryers, on behalf of the Red Men of Marion, Ohio, the President's home town, presented the executive with an emblematic watch charm of the order.

CHEER UP! IT'LL BE HOT FOR FORTY-EIGHT HOURS MORE

There is no hope for an early break in the heat wave, E. H. Bowie, forecaster of the U. S. Weather Bureau, stated today.

"There is no chance for any radical change in temperature within the next forty-eight hours and probably not for several days," Bowie said.

Wiping his brow, the forecaster cheerfully observed, however, that "this is wonderful corn-growing weather."

Fresno, Calif., hit the high temperature record for the United States yesterday, when the mercury reached 110.

YOUTH SURVIVES WHEN STEEL ROD PIERCES HIS HEAD

New York, July 8.—Surgical skill has saved the life of Norman Wood, 15, after a remarkable accident in which a steel ramrod more than five inches long entered his head and remained there for hours.

On the Fourth of July Norman loaded a toy cannon. He hammered the ramrod. The cannon exploded. (Norman was conscious, but his head pained severely. An examination showed a tiny part of the ramrod projecting from the back of the boy's head.

The rod had entered under the right eye, had escaped puncturing the ramrod. The cannon exploded, through the back of the head.

FREES HIS FEET IN MIDST OF HOT WAVE

Pittsburgh, July 8.—While every one in Pittsburgh is suffering from the heat, a Patrick McGrath is nursing frostbitten feet here today. He works in an ice plant.

After doing some work in the freezing room he sat down on some sacks and fell asleep and nearly froze to death. The fact that he wore a heavy overcoat is all that saved his life.

DRAFT EVADERS BEING APPREHENDED

Richmond, Va., July 8.—The apprehension of nearly 500 draft deserters since the publication of the slacker lists has justified the position of the American Legion and veterans of the world war in general in their

desire to have the lists published, according to the Virginia Department Headquarters of the Legion.

More than half of the 60,000 names of draft deserters have been published, the latest information received by Legion officials shows. The unpublished names are being released at a rate that should complete their publication in the next five weeks.

Of the approximately 500 deserters who have been apprehended, about 200 have been tried and 80 convicted. Members of the American Legion

have assisted in turning down these deserters.

Both Secretary Weeks and Adjutant-General Hamms have pointed out to the American Legion that in addition to obviating hundreds of deserters to justice and branding thousands more, the publication of the lists has cleared the service records of men who served or who had just cause for exemption, but who failed to comply with some of the requirements of the selective service act and who were therefore listed as deserters.

Leopard Cannot Change Spots

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoceticacidester of Salicylicacid.

ALL work of quality must bear a price in proportion to the skill, time, expense, and risk attending their invention and manufacture. Those things called dear are, when justly estimated, the cheapest; they are attended with much less profit to the artist than those which everybody calls cheap. Beautiful forms and compositions are not made by chance nor can they ever in any material be made at small expense. A composition for cheapness and not for excellence of workmanship is the most frequent and certain cause of the rapid decay and entire destruction of arts and manufactures. Ruskin.

THE COLUMBIA

GRAFONOLA is the phonograph PLUS. It has all the advantageous features of every other sound-reproducing instrument plus many exclusive advantages which place it in a class by itself—beyond the bounds of competition.

Play on the Columbia Grafonola a Columbia Record by a great opera star, a master violinist, a symphony orchestra, a popular comedian, a band, a dance orchestra, or any combination of voices or instruments, and what do you get?

EXACT REPRODUCTIONS

You get exact reproductions of the music the artists themselves produced on the original wax in the Columbia laboratories—nothing more and nothing less. The new Columbia process of recording makes it certain that nothing is lost when the record is made. The Grafonola's scientific construction insures that nothing is lost when the record is played. You get every word, note, intonation, mannerism, and musical inflection when you play a Columbia Record on the Columbia Grafonola.

The Grafonola's reproductions not only give you every feature and aspect of the original music, but they give them to you with unaltered purity. There is nothing in the Grafonola's construction designed to and anything to its reproductions.

"THE INDUSTRIAL HOME"

The Industrial Home turns waste
into wealth, both waste material and
waste men. Its work, therefore, is ab-
solutely of economic and social value.
The man without work and without
home, applying for help, is given noth-
ing gratuitously unless from hunger or
illness he is manifestly unable to work.
If he is able to work there is a variety
of labor ready for him through which
he may find a home, friends, clothing,
food, sympathy, joy and a modest re-
muneration. He may be placed upon
a wagon and set to collecting discarded
material from the homes of the city.
If he be a tailor, cabinetmaker, painter,
or a shoemaker, there is employment
in the repairing of used clothing, fur-
niture, stoves, shoes and so on.

A list of articles received is most
amazing and instructive: Paper, rags,
twine, clothing, shoes, metals, bottles,
kitchen utensils, bedroom, kitchen
parlor and office furniture, crockery,
glassware, clocks, carpets, books, mag-
azines, pictures, cutlery, stoves, pianos,
umbrellas, pillows, antiques, hats, rib-
bons, artificial flowers, lamps, sewing
machines, phonographs, jewelry, among
usual and common things; but we have
also received such uncommon and
special articles as invalid's chairs,
crutches, artificial teeth, limbs, eyes
and hair, which may also be turned
into cash.

Your old newspapers, magazines,
clothes, furniture, etc., have provided
in a year \$165,378 meals, 1,062,408
beds and cash paid to the otherwise un-
employed in exchange for the labor of
collecting, sorting, repairing and dis-
tributing this material.

If the men possess no special skill
there is, beside the collecting of the
used material, the sorting and baling
of paper and rags, the care of the horses
and the wagons, and the janitorial la-
bors open to him.

In the big cities the Salvation Army
places all of the repaired clothing in
its storerooms and daily conducts auc-
tions, while regular sales go on at all
times. Here whole families are un-
dressed with hats, coats, shoes, as well
as furniture, at a trifling cost.

It is the boast of the Salvation Army
officers that a wedding can be conduct-
ed and housekeeping necessities fur-
nished for ten dollars (\$10.00) by
patronizing the Salvation Army sales-
rooms.

Curry Forced To
Give Up His Job

Staunton Man Restored by Tanlac.
Says He's Going Back on Job
Feeling Fine

"I haven't struck a lick of work
since the 15th of last Decem-
ber, on account of bad health; but
Tanlac has fixed me up where I actu-
ally feel so fine I'm going back on the
job day after tomorrow," said F.
B. Curry, 413 Baltimore Ave., Staun-
ton, Va., a driver for the American
Express Co.

"I suffered from so many differ-
ent ailments I just can't describe my
troubles. I was tired all the time, had
no appetite, and hardly had strength
enough to get off my truck and deliv-
er a package. I went right on down
until I was thin as a rail, could
scarcely sleep and had no digestion so
bad I could eat but little more than
enough to keep me alive. Then I had
an attack of flu which swept me off
my feet completely. Finally I was
able to sit up a little, but was so
nervous I could hardly stand the
noise of people talking in the same
room, and had so much gas on my
stomach that at times it affected my
hear so I would actually faint.

"My wife read a number of Tanlac
testimonials in the paper and we de-
cided to try the medicine, with the
result that I'm now in fine shape
again. I'm eating just anything that
is put before me, and everything
agrees with me so well I've gained
several pounds in weight. The fact is,
I'm in the best of condition in every
way and feel good all the time."

Tanlac is sold in Alexandria by Ed-
gar Wardlaw, Jr.

Tenth Anniversary Program

1912-1921

It is the best yet presented. Stronger lectures; more popular and higher grade music; more diverting entertainments. This is the tenth anniversary, therefore it was made the best program. Buy a season ticket. Don't miss a session.

There are seven important lectures. Hear them all. They are chock-full of variety, information, inspiration, humor. Dr. Gregory Zilboorg, Under-Secretary of the ill-fated Kerensky cabinet in Russia—eloquent, passionate, fearless; Dr. Frank Bohn, eminent scholarly participant in international and social movements—keen analyst, accurate interpreter, magnetic speaker. Read about the others—then hear them!

The musical programs are big! Popular, unhackneyed, classical, novelty—all these qualities happily blended. Violin, cello, harp, trumpet, banjos, drums, horns, singers, readers and entertainers—look at the list, they're all there, and they're all good.

And the big opera, "The Bohemian Girl," with full cast, chorus orchestra. Hear the old favorite songs, "I Dreamt That I Dwelt in Marble Halls, The Heart Bowed Down, Then You'll Remember Me, and many others. Special scenery and costumes. The best opera company we have ever had, organized and coached by The Milton Aborn School of Operatic Training of New York City.

Hear "Nothing but the Truth." A gripping story and more laughs than any of our former plays. Presented by the Comus Players under direction of Edythe Barlow, who scored a notable success on another of our circuits last year.

Enjoy the wonderful children's afternoon—the new and sparkling pageant "Junior Holidays," and the fine Punch and Judy show. At night a brilliant, spectacular, melodious program by the Dunbar White Hussars.

Season tickets, which save you money, may be secured until Monday morning from any one of the Guarantors, E. E. Spittle's Drug Store, P. O. Cockey's bakery or at the Y. M. C. A. office.
